NOTES (PLEASE FILL OUT BELOW)

Lined area for notes.

# QUALITY. HERITAGE. INNOVATION.

## WELCOME TO FLEMING'S GROUP OF COMPANIES - A BUSINESS THAT THRIVES IN THE GREAT OUTDOORS.

Fleming's is well known for growing Australia's finest trees – but we also create amazing landscape designs.

Having placed Australian landscape on the world stage at the prestigious Chelsea Flower Show in London for almost a decade and taking out the top honour with Best In Show in their final year in 2013, Fleming's name is synonymous with top Australian landscape design.

Not only showcasing the great talent of Australian landscape designers, Fleming's is now changing the face of Early Learning and Kindergarten play environments with their KinderGarden® project – bringing nature and imagination back into daily play for Aussie kids across the nation.

A home is just a house until a well designed and executed landscape completes the package, and with Fleming's, your new home will become a masterpiece dressed to perfection with a garden by one of Australia's best designers.

Riverdale Village developers, APD Projects, know quality when they see it, which is why they have entrusted their landscape environments to the caring hands of Australia's best-known horticulture and landscape company, The Fleming's Group. The Fleming's approach has developed over four generations and almost 100 years, and now their special knowledge of plants and trees will be on show at Riverdale Village.

Streetscapes, entrances, sales office landscapes, parks and gardens, as well as every front yard at Riverdale Village will be loving crafted by the team of experts lead by Australia's OAM and leading light in Australian horticulture, Wes Fleming.
